

INDIANA AND MICHIGAN STATE HAPPENINGS

VETERAN OF THREE
WARS PASSES AWAY

John Suchlunt, 90 Years Old,
Fought in Germany and
in Rebellion.

ELKHART, Dec. 7.—John Suchlunt, 90 years old, veteran of two wars in Germany and the American Civil war, is dead at the home of a granddaughter, Mrs. R. E. Schunabarger of 1616 Garfield av. Death was caused by pneumonia.

Mr. Suchlunt was born in Berlin on Dec. 15, 1826. He had resided in this state over 50 years, the greater portion of the time on his farm near Westville. Five years ago he retired and since then had lived in this city.

Surviving Mr. Suchlunt are his wife, Martha Suchlunt; three sons, John and William Suchlunt of Valparaiso and Charles Suchlunt of Gary; a daughter, Mrs. Mary Megg of Valparaiso, and a sister, Mrs. Sophia Schroeder of Toledo.

Mr. Suchlunt was a member of the G. A. R. at Westville, and that organization will have charge of his burial services. The body will be taken to Westville Tuesday.

Charles Blenz, 14-year old son of Mr. and Mrs. William F. Blenz of 461 St. Joseph st., tripped over a switch and fell while attempting to board an eastbound freight at the Main street crossing Monday and his right leg was so badly crushed under the wheels that amputation was necessary just below the knee.

The accident was witnessed by a number of persons, but none was able to say how it happened. The youth was too much weakened by the shock and the loss of blood to tell anything about it himself. He was taken to the General hospital in the police ambulance by Officers Wise and Coley.

About two months ago a story was published about a man from near Wakarusa who came to this city, procured notices prohibiting the sale of intoxicating liquors to himself by saloonkeepers of this city and posted them himself, getting pretty well soured while doing so.

Today the same man appealed to Sergt. Whiteman to learn if he could not recall the notices. He said he had gone to peddling meat and found that his best customers were the saloonkeepers, and they refused to patronize him because of the notices.

He was informed that the police were powerless to recall the notices.

Alleging cruelty, Manilla F. Compton, who married William A. Compton on Sept. 23, last, and lived with him two months, has filed suit for \$5 a week for the support of herself and an unborn child.

The complaint, which was prepared by Attys. Proctor and Cawley, charges that Compton insisted on staying out late at night, and had failed to provide a home for his wife except at the home of his parents. "The parties were very immature at the time of their marriage," the complaint avers.

PASTOR TO GO WEST

BAY CITY, Mich., Dec. 7.—Rev. Thomas Anderson has announced his resignation as pastor of the First Presbyterian church. He gave ill-health as part of his reason for his action. Rev. Mr. Anderson has been having more or less trouble with members of his parish who did not agree with his utterances. He created a sensation recently when he denounced Pres't Wilson for not taking a more drastic action in the sinking of the "Lusitania."

Mrs. Susan Snyder, a member of his congregation and a cousin of the president, was in the church at the time and left after the services in a huff. Dr. Anderson will preach his farewell sermon Jan. 9 and will go to Portland, Ore., where he has accepted a pastorate. He has been pastor of the First Presbyterian church for 10 years and eight months.

TASTES OF CITY LIFE

GRAND RAPIDS, Mich., Dec. 7.—Mildred A. Stone, 15 years old, of Wayland, Mich., left her home Friday to visit a friend in Grand Rapids telling her parents she would return Saturday noon. She did not return and inquiry proved she had not gone near her friends. Her father came here and, with the police, searched for his daughter. When found, Mildred had laid aside her modest country attire and rolled up the braid down her back. She wore "city" clothes and a later-day coiffure, and affected nose glasses. She was defiant when found and said she would not go home. An hour's session with the jail matron changed her mind.

This Frees Your Skin From Hair or Fuzz

(Toilet Tips)

The method here suggested for the removal of superfluous hair is quick and certain and unless the growth is extremely stubborn, a single application does the work. Make a stiff paste with some powdered delatone and water; apply this to the hairy surface and after about 2 minutes rub it off, wash the skin and the hairs are gone. To avoid disappointment, be sure your druggist sells you delatone.—Adv't.

FIREMEN RESCUE CAT FROM
ROOF AFTER 3 DAYS.

LOGANSPORT, Ind., Dec. 7.—After working for three days to dislodge a cat which had climbed on the steep roof of the residence of Mrs. John Easty, on Biddle island, the city firemen and the ladder truck were called and rescued the animal. The cat was chased by a dog, and in fright climbed up a tree and on to the roof, where it remained and made the night hideous with its meowing.

CHARGE EXTRAVAGANCE
IN BUILDING HIGHWAYS

Speakers Assail Methods Used in
Lake County—Indebtedness
Put at \$1,776,000.

HAMMOND, Ind., Dec. 7.—Road building, as it has been practiced in Lake county, was condemned as ill-advised and an extravagant use of money by speakers here at a joint meeting of the chambers of commerce, commercial clubs and boards of trade. Hammond, Gary, Crown Point, W. Tins, East Chicago and Indiana Harbor.

A. Murray Turner, a Hammond banker, said the county had been engaged in a "saturnalia of road building," and that in some parts "gravel roads are so thick that if a farmer started to his cow pasture on a road he would have to take confetti along to mark the route, or he would be likely to find himself coming back."

Other speakers included Walter J. Riley, of the East Chicago Chamber of Commerce; H. S. Norton, property agent of the Gary Land Co.; A. M. Turner, of the Hammond Chamber of Commerce; Frank Gurt, of the Whiting Chamber of Commerce; W. J. Fulton, Gary city engineer; A. J. Smith, a Hobart editor, and Luke W. Duffey, of Indianapolis, secretary of the state highway commission.

The general sentiment, as expressed by one speaker, was that Lake county has "too many poorly built roads and too many roads that lead nowhere." Mr. Duffey said that Lake county paid more for roads than any other county in Indiana. "You have," he said, "an outstanding obligation of bonded indebtedness aggregating the staggering sum of \$1,776,000."

RETIRED FARMER ROBBED
OF \$1,900 IN BEDROOM

Money Was Part of Proceeds From
Sale of Farm—Son-in-law
Notifies the Police.

ANDERSON, Ind., Dec. 7.—Minor Sears, 69 years old, retired farmer of Lapel, was robbed of \$1,900 in cash, in a bedroom at the home of his son-in-law, Elijah Huffman, according to a report received by the police here from Mr. Huffman, today. He said that Sears recently sold 110 acres of land, and was at Portland last Saturday, to close the deal. He received \$1,900 in cash, and took the money home, arriving at Lapel Sunday afternoon.

Mr. Huffman says Mr. Sears reported that when he entered his bedroom, about 9 o'clock last night, two persons he could not recognize in the darkness, tied him with a sheet, gagged him, and then went to a closet, getting 10 packages in which the money was tied, and escaped through the window. Huffman says he did not know of the robbery until an hour later, when Mrs. Huffman went to the bedroom to see if her father was resting, and found him lying on the floor helpless.

Officers began working on the case this afternoon. Huffman operates a garage at Lapel.

GIRL RAISES CHECK

Increases \$6.50 to \$16.50 and Spends
\$10 on Christmas Presents.

BRAZIL, Ind., Dec. 7.—The 12-year-old daughter of a farmer living north of Brazil, was sent to market with a coop of chickens and received a check for \$6.50 in payment. The girl very cleverly raised the check \$10 by placing a figure one in front of the six and writing ten after the six so perfectly the change was not noticed at the bank. The altered checks were not detected until several days afterward when Harry Fugate, the poultry dealer, noticed the check had been raised when it was returned canceled. The girl's parents made up Fugate's loss and no prosecution followed. The girl had turned over the \$6.50 to her parents and had spent the other \$10 on Christmas presents.

BOTTLING PLANT BURNED

Fire of Unknown Origin Causes \$20,000 Loss to Brewery.

NEW ALBANY, Ind., Dec. 7.—Fire of unknown origin destroyed the bottling department of the Southern Indiana Breweries Co. last night. The loss is \$20,000, with only a small insurance. The building recently was equipped with new machinery at a cost of \$5,000. In the building were two carloads of empty bottles and a large quantity of bottled beer. The main brewery building was not damaged. The brewery was formerly operated by Paul Reising, and several months ago was sold to a new company, of which James M. G. Ferguson, councilman, is president.

INFORMER IS SLAIN
BY HIS COUNTRY MEN

Detroit Shot Down From
Ambush by Six Men—8
Bullets in Body.

DETROIT, Dec. 7.—Shot down by six of his countrymen, who suspected him of peddling information to the police, Frank Castiglione, 39 years old, of 399 Rivard st., was murdered at the head of an alley that runs into Riopelle st., between Fort st. and E. Lafayette av. (Champlain st.) Five Italians are locked up, charged with the murder, and seven others, suspected of knowing about it, are held by the police.

Castiglione was riddled with eight bullets, of which any one of seven would have been fatal. The bullets are thought to have been all from automatic revolvers. One of the bullets tore the head from the picture of his wife in a group with Castiglione and their son, which the murdered man carried over his heart.

J. Bohlen, driver of a milk wagon for the Detroit Creamery Co., who lives at 236 Third av., was delivering milk across the street, and was the only witness of the murder. He said that Castiglione fell after three shots and that six men then stepped up and poured several other shots into his body. Then three of the assassins ran east through the alley, while the other three ran north on Riopelle st. Eight shells from an automatic revolver were found in front of the firehouse at Larned and Riopelle sts., by a fireman.

CLOTH SIGNS MUST GO

Fire Marshal Declares Michigan
Must Eliminate Such Signs.

LANSING, Mich., Dec. 7.—Despite the fact that a Benton Harbor man has already started court proceedings to test the law by which the state fire marshal derives his authority to order down cloth signs from front of stores, there is every indication that the crusade against such signs will be continued.

According to Sam Robinson, assistant marshal, Detroit is the worst offender. Three hundred were found some weeks ago in Detroit, and orders issued to have them down by Dec. 1. "This is the first year we have been able to go after cloth signs with earnestness. The law formerly barred them, but did not place any penalty. The 1915 legislature added this, and now we are trying our best to rid the state of them. The fire chiefs of the various cities are taking an interest in the work, as they are really responsible for the law."

EPIDEMIC AT FRANKLIN

Sixty-two Diphtheria Cases Among
School Children Reported.

FRANKLIN, Ind., Dec. 7.—Sixty-two cases of diphtheria, confined mostly to school children, have been reported in Franklin. The cultures of all school children have been taken, and a strict quarantine is being enforced. The schools of this city have been forced to close three different times within the last two months. The epidemic has done much to cripple the business of merchants, as parents as well as children to a great extent, are remaining at home. The school board has announced that the school may be reopened next Wednesday provided no new cases are reported.

ROBES AND BLANKETS FOR
CHRISTMAS GIFTS.

We contract for our buggy and auto robes, street and stable blankets a year ago before prices were advanced. You are fortunate that we did this, as it enables you to make a considerable saving on anything you may need in this line. If you get in before our stock is exhausted there is nothing better for a Christmas gift. Studebaker Repository. Adv't.

OLD AND NEW WAY
TO TREAT CATARRH

Breathing a Germ Killing Air En-
dorsed by Actual Results.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh. Prior to three years ago the medicines ordinarily employed in the cure of this disease were drugs, sprays, lotions, etc. In some instances they benefited, but the improvement was not lasting.

With Hyomei you take into the air passages of your throat and head a balsamic air that goes into the minutest cells, and should effectually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been received from those who have been helped by Hyomei.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks' treatment. Perhaps the strongest evidence that can be given to doubters, is the fact that Wettick's Original Cut Rate Medicine Store has so much faith in Hyomei that he sells every package under a positive guarantee to refund the money if it does not relieve. Now is the time to begin the use of Hyomei and rid yourself of this serious and oftentimes dangerous disease. Nothing is gained by waiting till the vicious microbes of catarrh have made still further inroads on your health.—Adv't.
